INTERNATIONAL**
JOÃO PESSOA 2018

Travel Funding Request

Sharks International Conference will provide up to 10 travel supports and/or registration tax exemptions for students from overseas and developing countries. AES (<http://elasm.org/sac-student-funding>) and SBEEL (www.sbeel.org.br) affiliates may also seek travel support through their own societies. Only students authoring at least one submitted abstract can apply.

To apply, students must provide a short curriculum vitae (resumé) and a letter (one page maximum length) stating their motivation to attend the Conference and the reasons they should receive the financial aid. It should also contain information on the student's current affiliation (institution, course, registration number).

The deadline for requesting assistance will be the same as the abstract submission, until February 28, 2018.

The letter and resumé must be uploaded as a single file on the Conference registration page.

A list of the granted students will be announced at the Conference website by April 15, 2018.

PS: If you have already registered and forgot to request the travel funding, just send the file to the email contact@sharksinternational.org.br.
